

GREEN CITY LIVING

Film & Speaker Series

North Vancouver City Council welcomes you back to GREEN CITY LIVING!

Join us on the third Tuesday of each month in Council Chambers from May to November for our 2010 Film & Speaker Series to explore exciting new sustainability topics. Each evening will be hosted by a different member of Council, and will feature new films as well as presentations from local experts on environmental challenges and initiatives. This year, donations will be accepted for the Lower Lonsdale and Queen Mary Community Gardens.

Visit www.cnv.org/greencityliving or call 604.998.3448 for more information.
